

STYLE FOR LIFE

oasis
WORKTOPS

A worktop can provide the finishing touch to a kitchen, but the right worktop can be the focus of the whole design. A beautiful yet functional worktop is entirely possible. Tough enough to take the knocks and spills of everyday life, featuring antibacterial surfaces, that are still stylish enough to set the look and feel of the heart of the home. Inspirational designs combined with sheer practicality in every Oasis worktop, prove that creativity in the kitchen is not just about food.

Looks to lift a kitchen

From the warmth and character of rustic woodgrains to the modernist chic of polished concrete, there is a worktop that perfectly suits your lifestyle. Take inspiration from our stunning range of decors and textures which are all on-trend and superbly crafted with an option of co-ordinating breakfast bars and stylish, hygienic upstands providing a neat and attractive finish. So you can make a statement in the contemporary or the classic with absolute confidence, the only difficulty is deciding which one to choose...

BEAUTIFUL

▶ K013 / SU / Sand Artisan Beech

Add a dash of the contemporary

Picking up on the latest trends in kitchen design continues to influence our worktop portfolio, so we have added eight new decors to the latest range. A modern character oak in a choice of three warm, sophisticated finishes; a stunning, contemporary marble design, and a choice of innovative concrete effects that achieve a real urban standout style. They all have their own personalities and bring a touch of the ultra Modern style to the kitchen.

FRESH

- < 4890 / DP / Arabescato
- > K366 / FP / Fossil Evoke Oak

Tough and hygienic

Not only do they look fantastic, but technological advances mean they are more than tough enough to handle the rigours and stresses of everyday life. A scratch and heat resistant laminate surface on a sturdy particleboard core with moisture resistant sealed edges, creates a durable and easy to clean surface with long lasting structural integrity. These worktops also have proven antibacterial properties for a reassuringly hygienic surface. FIRA and British Standard certification, coupled with a continuous programme of quality control means they're easy on the eye, easy to maintain and very easy to live with.

PROFILES

Post-formed

Post-formed worktops are based on raw particleboard covered with a decorative HPL laminate, making them ideal for counters in kitchens, offices and shops. Laminate edging included.

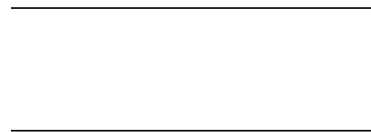

38mm, 6mm Radius

28mm, 6mm Radius

ABS Square Edge

This is the modern version of a worktop and features a straight edge and 1.5mm ABS edging that gives a sturdy, square look. The simple, cleaner lines make these worktops perfect for any contemporary or minimalist kitchen design. Additional ABS edging available to order separately.

38mm, ABS Edged

NOTE: Upstands to match the square edge decors have the same profile as the post-formed worktops.

CARE

Care for your worktop

Oasis worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic.

Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided).

Whilst your worktop is resistant to high temperatures, you should always put hot objects on to heat resistant mats or trivets. Our gloss finish will enhance and compliment the effect of the decor, however it is advisory to take extra care with gloss finish worktops as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every worktop, or discuss with your retailer.

Care for your environment

We only supply FSC® certified wood products. All of our timber inputs are either traceable to a forest that is managed sustainably, or recycled waste wood diverted from landfill. We monitor our use of water and energy constantly to identify opportunities to reduce usage and have invested heavily in processes that generate energy from woodbased carbon neutral fuel, significantly reducing carbon emissions. Our products are also lifecycle stretching, acting as a carbon sink that at some point in the future can be further recycled or burnt for fuel.

Guarantee

All worktops are guaranteed for a period of 12 months from date of purchase (proof of purchase required). Please refer to the Care Guide for full details.
